

# Blindfold of the Unseen

Item

**Weight:** 1lb

**Rarity:** Rare

A black leather and cloth blindfold with a red stylized eye stitched across the front and dark metal design. The symbol is often attributed to "the unseen", a mysterious group associated with ghosts, spirits, specters and all manner of unseen or otherworldly creatures.

**Invisibility.** When this blindfold completely covers the wearer's eyes they become invisible but blinded. While invisible the wearer is able to perceive only creatures hidden by invisibility or similar spells as though they are glowing spectral beings. Anything the wearer is carrying or wearing is also invisible as long as it is on their person. If the wearer makes an attack or casts a spell the Invisibility ends and cannot be restored for one full day. If the blindfold is removed the invisibility is likewise ended.
